Director's Desk...

The summer season is getting closer and the Menominee Recreation Department would like to make your summer the best one yet! I invite you to explore the wide variety of activities, events, and programs offered this summer. The majority of our programs are offered on one or two days a week so that people may be able to participate in a variety of different activities throughout the summer. This summer discover and enjoy the benefits of recreation through people, parks, and programs.

The benefits that recreation provides to the community are just about limitless. Recreation increases community pride, reduces stress, creates memories, builds self-esteem, provides social interaction, and promotes physical fitness. It also creates opportunities to meet new people, work as a team, and develop life and leadership skills. Recreation proves to be a factor in supporting physical, social, and mental health for all ages. Whether you choose to participate in a program, play a sport, enjoy a community event or visit one of our beautiful parks, there is truly something for everyone.

As we continue to strive to provide the best possible services, we also have help along the way. At the heart of the organization are the volunteers and staff. They are a vital part of the department and we rely on their time, energy, and talents to help us create a better community. We cannot forget about the area businesses who continue to support the department each and every year with their generous donations and sponsorships. It is wonderful to see a community work together to provide great opportunities for the residents and visitors.

So reach out this summer and experience the benefits of recreation. I thank you for your continued support and participation, and wish you an enjoyable and safe summer.
